Meet Our Clinical Education Team

Shelly Spicer

Shelly Spicer, RN, BSN is a 22-year women's health veteran nurse in Columbus, Ohio. She has a long history of community nursing and education with a belief that patients should be informed about their unique bodies, conditions, and treatment options to feel empowered to make decisions about their healthcare along with their medical providers.

Katie Carranza

Katie Carranza, RN, BSN is based out of San Antonio, TX. She holds two bachelor degrees, one in nursing and one in international relations. She has a background working in the cardiovascular ICU, as well working in the non-profit realm. Katie has a strong passion for women's health and education.
